

Style Stalker

BY KENDRA CLARK

WE WEAR SHORT JORTS Daisy Dukes, cut-offs, jorts...whatever you call them, jean shorts are everywhere this summer. These San Diego women already have a leg up on the demi-denim trend. (From \$20 at H&M to \$185 at True Religion)

My favorite piece These earrings made from sustainably harvested wood. I wear them every day! (\$38 at etsy.com/shop/orangeslice)
My secret Knowing what flatters me — I tend to belt everything because it defines my waist. (Shirt \$6 at Flashbacks; Belt \$10 at Urban Outfitters)
My advice Get really good basics, like tights, belts, and cardigans, and then mix in the vintage accents.

NECKLACES

"I find silk ties at Goodwill and Salvation Army and turn them into accessories, like these vintage faux pearl and silk necklaces I call 'Lady Industrialist.'" (\$56 at prixprix.com)

WALLETS

"There aren't many men's accessories that are flashy — these vintage tweed, plaid, and silk wallets are a way for guys to add a little color and pattern to their wardrobe." (\$30 at prixprix.com)
