Dear Mr. Adams:

At the request of the members of the community, we evaluated for options to increase the available on-street parking on Golfcrest Drive north of Navajo Road near the entrance to the Cowles Mountain Trail.

Our evaluation determined that parking capacity in this segment of Golfcrest Drive could be increased by the addition of seventeen parallel parking spaces on the west side of the street, while retaining one travel lane and the existing bike lane. A portion of Golfcrest Drive approaching the traffic signal at Navajo Road will maintain the existing lane configuration.

Please review attached proposal and provide a recommendation from your group. If you have any questions regarding this matter, please contact Claudia Brizuela at (619) 533-3613.

Sincerely,

Biljana Dekic
Associate Traffic Engineer
